Subject: update on Red River supply fire?

Hey Paul—I have a news reporter from the Williston paper asking about the Red River supply fire, he specifically requests any updates on our activity and cleanup status/ next steps.

I'm not sure if you have remained involved or if we have any info to report, but I wanted to check.

His name is Jerry Burns—701-572-2165.

Thanks in advance for any info...

Rich
